ROSENFELD DEALER DIAGNOSTICS DealerReview

BALANCE SHEET ALL OVER THE PLACE?

DealerReview is a proprietary product that takes a deep dive into the balance sheet of a dealership. We utilize our Certified Integration Partners and custom technology to review monthly DMS in detail. This product can identify problems and within accounting schedules, monitor and find inefficiencies, and assist in the reduction of monthly general journal entries. Your result is cleaner schedules and a more efficient dealership. Our expertise is critical when it comes to raising awareness with dealership staff regarding best practices with its continued support and education.
